Integrated Solutions

Avery Dennison offers integrated solutions to critical problems facing your business, complete with industry expertise, printers, supplies and service. Let our consultants help your manufacturing facility to become more accurate, optimized and a strategic asset!

Why Avery Dennison?

Focus - We have been focused on retail supply chain solutions for over 100 years. We understand consumer packaged goods manufacturing requirements and deliver solutions that fit their needs.

Experience - Our customers include over 90 of the top 100 retailers. From receiving to shipping, we are the experts in product identification, tracking and price-marking solutions for the retail supply chain!

Resources - Our in-house resources include:

State-of-the art development lab to ensure product quality and create new solutions; supplies consultants to match the perfect supply solution to your application; RFID lab to recommend appropriate RFID tag orientation; award winning manufacturing processes; systems integration team for innovative connectivity solutions and Monarch Nationwide Service for fast, efficient attention.

Asset Labeling Solutions

Are you spending **millions of dollars a year**, tracking, tracing and replacing lost or misplaced assets? Consider the costs that are incurred not only for the physical asset, but in **loss in productivity** while the asset is missing and for the time it takes to try to locate it? What can you do? Let Monarch Asset Labeling

solutions from Avery Dennison help you make the most of your capital investments.

Our solutions run the gamut from highly durable bar code labels to industry-leading RFID programs.

No Obligation Analysis

Find out what Avery Dennison's free Fastrax analysis can do for you! Call our Fastrax consultants at 800.543.6650, prompt 5.

How Do We Do It?

By following these **Six Steps to Success**, we can help you optimize your operations:

1. Understand Your Goals. Our consultants will work with you to gain a thorough understanding of what you are striving to achieve in your manufacturing facility

2. Understand Your Key Needs and Objectives. We want to understand your pain...what business challenges are keeping you up at night.

3. Conduct a Thorough Analysis of Your Distribution Center and/or Manufacturing Facility. The Fastrax team can observe and analyze your current processes.

4. Map Key Processes. We can provide you with flow charts of key processes.

5. Develop Recommendations. Post-analysis we can meet with you to discuss our findings and propose recommendations.

6. Develop Solutions to Fit YOUR Needs. Working with you, we can develop customized solutions based on our findings

and your goals, needs and objectives.

Avery Dennison offers integrated solutions to critical problems facing your business, complete with industry expertise, printers, supplies and service.

Let our consultants help you make your manufacturing facility more accurate, optimized and a strategic asset!

Monarch® Supplies: For smooth and reliable performance, only Monarch supplies are recommended for use with Monarch printers. Our labels scan virtually 100% of the time, cutting wasted rescanning and labeling time.

Monarch® Service: Every Monarch printer is fully supported by Monarch Service, the largest network of experienced, full-time bar code and RFID technicians in the industry.
