

## Avery Dennison™ Dry Cleaning Kit

***Expensive garments are safe from holes and snags with fine needles used to attach your drycleaning labels to garments!***

**Take your dry cleaner to another level with the Avery Dennison MarkIII™ Fine Fabric Tool Attacher, fine needles and the 3/4" Fine Nylon Fastener.**

- Designed specifically for dry cleaning applications
- Safer and more dependable than metal staples or pins—remain secure through all types of cleaning and finishing processes
- Does not snag and are low profile leaving little or no trace marks after pressing
- Ideal for securing shoulder pads in their proper place—keeps them from losing shape during the dry cleaning process
- No rust spots
- Fasteners are washer, dryer, dry cleaning and iron safe
- Tolerant of many cleaning and finishing procedures
- Temperature resistant—safe from steam process
- Have a moisture "blocking" additive to improve performance in high steam environments
