Benefits of Linerless Labels

Wouldn't it be great if you could save **40%** in shipping charges every time you receive labels? How about stocking your labels in **40%** less space?

How? It's easy!

Order Monarch Linerless Labels! Monarch's quality linerless labels stand up to the rigors of challenging operations.

And the cost savings are significant. For starters, not using a lined label means we can put **40%** more labels in each box. More labels in each box means fewer boxes. Fewer boxes mean lower shipping costs and less storage space.

It's that simple!

Great for the Environment

Label liner is pure waste. It can't be recycled or burned. In the U.S., 370,000 tons of liner waste is generated each year. With Monarch's linerless label solution, the liner is eliminated!

Not only do you get the green environmental benefits from Monarch Linerless Label Solutions, you can also keep

more "green" in your pockets. Here's how:

- Eliminating the liner means 40% more labels on a roll which leads to fewer roll changes and less down time, increasing productivity!
- Linerless labels weigh less, so they cost less to ship, saving money.

Excellent Selection

Monarch offers linerless labels in a variety of sizes with various adhesives. To determine which linerless supply is the best fit, call for our free diagnostic analysis called Probranding. Our team of consultants will review your applications and make a recommendation based on your specific needs.

Linerless Quick Facts

Shipping Savings: 40% less weight and fewer boxes to ship.

Warehouse Savings: 40% less space needed to store labels.

Waste Disposal Savings: No liner to fill up dumpsters; 40% fewer label cartons to throw away.

Increased Productivity: More labels on a roll=longer printer up time; less time needed to change supplies, store product and dispose of liner.

Cost Effective: About the same price as lined products.

Safer: No liner waste to create work hazards.

Green: Less environmental impact - no liners to dispose of.

Applications at a Glance

- Carton and Pallet
- Cross Docking
- Shipping Labels
- Cold Storage Product Labeling

Supplies Doctors

We want your most challenging thermal label or tag problem!

Just call or e-mail at dmail@averydennison.com us to set up a consultation with the Supplies Doctors and get a **free diagnosis!**

The Avery Dennison Supplies Doctors have been diagnosing labeling and tagging problems for over 100 years. We work with our customers to develop new, cost-efficient and innovative solutions!

Monarch® Supplies: For smooth and reliable performance, only Monarch supplies are recommended for use with Monarch printers. Our labels scan virtually 100% of the time, cutting wasted rescanning and labeling time.

Monarch® Service: Every Monarch printer is fully supported by Monarch Service, the largest network of experienced, full-time bar code and RFID technicians in the industry.
