Transfers Out, Transfers In - How Do You Keep Track?

Now you can process transfers just like any other shipment or receipt of goods with a Monarch Store Transfer Solution from Avery Dennison, featuring the unique one-piece Monarch® Pathfinder® Ultra® Platinum™ printer. Scan, collect data and perform labeling tasks - all with one device!

Streamline Store Transfers

With the Monarch Store Transfer Solution you can streamline store transfers by:

- Reducing process time
- Improving inventory accuracy
- Eliminating manual functions and hand-writing
- Eliminating scan at POS
- Improving Customer and employee satisfaction

Here's How it Works:

Transfers Out Process

- Scan items being transferred with the Monarch Ultra Platinum.
- Monarch Ultra Platinum retains item detail and quantities.
- Print a detailed barcoded content label with the Monarch Ultra Platinum and apply to carton.
- Transmit shipping detail to the corporate host through the network or upload data by USB from the Monarch Ultra Platinum.

Transfers In Process

- Receiving application is accessed in the Monarch Ultra Platinum
- Carton content label is scanned with the Monarch Ultra Platinum.
 - Transfer data is downloaded to the Monarch Ultra Platinum from the host.
- Monarch Ultra Platinum retrieves item detail and quantities.
- Products are received and inventory is transferred from sending store to receiving store through network or upload from the Monarch Ultra Platinum.

Other Applications

In addition to store transfers, the unique, one-piece handheld scan, print and apply solution featured above can also help you significantly reduce labor hours spent on the most common in-store marking applications.
