

# Avery Dennison Complete Solution for Sam's Club Compliance

**Monarch**<sup>®</sup>  
Products and Services

## Turnkey Value Priced

**Are you feeling confident about your RFID compliance implementation?**

You have to get it right and you can't spend hundreds of thousands of dollars to do it! There are so many components to an RFID solution: hardware, software, supplies and more!

Who can you turn to for a complete, turnkey solution that will meet your implementation needs and grow with your business?

**Avery Dennison has the solution!**

### Quick Implementation

With the Avery Dennison Complete Solution for Sam's Club Compliance, you have everything you need to for a quick RFID compliance implementation:

**Monarch<sup>®</sup> 9855<sup>™</sup>RFMP** printer/encoder - acknowledged industry-leading RFID printer/encoder.

**Monarch<sup>®</sup> RFID Supplies** - quality RFID supplies backed by our Smart Label Performance Guarantee! You get 100% read rate or 110% of your money back!

**smartEPC<sup>™</sup> Software** from Smart Label Solutions - flexible, economical software designed for businesses who need to comply with customer mandates and deadlines. Featuring EPC compliance formats for Wal-Mart, Sam's Club, DoD and others already built in, with the ability to create the EPC code formats for your labels and tags.

**RFID Reader and two circular antennae** - supports all current EPC protocols, including Class 1, Gen 2. Once you've labeled the boxes, the reader will confirm readability and ensure you have captured the data.

- Monarch® RFID Supplies
- Smart Label Solutions Software
- RFID Reader and 2 Antenna

Consultants can provide intellectual know-how and professional integration services.

## An RFID Partner With Experience

Your RFID implementation is important. You have to comply and you have to get it right. A key component of a successful implementation is working with a partner with experience. When you choose the Avery Dennison RFID solution, in addition to leading-edge RFID products, you're also getting a partner that knows how to meet compliance challenges and has worked on successful implementations.

Avery Dennison has been integral to successful RFID compliance programs at major companies like Del Monte Foods, VF Corporation, Campbell's Soup, Conair and Levi Strauss.

With our experience as a guide we provide you with the tools to help you comply with your RFID compliance needs quickly and easily.

## Free Consultative Support

Avery Dennison believes the more we understand about YOUR business, the better we can advise you as to your RFID needs.

We offer an In-House RFID Lab to assist you in understanding label placement issues, read range and rates. We'll test your products with RFID systems and report the results to you - at no charge!

RFID Process Consultation is a free analysis of your distribution center or manufacturing facility to help you determine where RFID will best fit into your process flow.

Why is it free? Because once you start working with Avery Dennison, we know you'll want to continue!

## Limited Shipments?

If limited shipments don't justify your investment in our complete hardware and software package, let our Q-Service team print and encode your labels for you and send them to your door! Q-Service = Quick Compliance!

## Variety of Formats

In addition to Sam's Club formats, we have a complete library of Wal-Mart, Department of Defense and many other formats available to help keep you compliant.
